

Installing Sophos AntiVirus for Home

Step 1: Select “Run” after clicking on link and entering credentials.

Step 2: Accept default file location and click “Install”

Step 3: Click “Next”

Step 4: Click the appropriate radio button to accept the agreement, then click “Next”

The screenshot shows a Windows-style window titled "Sophos Endpoint Security and Control installation wizard". The window has a blue title bar with a close button in the top right corner. Below the title bar, the text "License Agreement" is displayed in bold, followed by the instruction "Please read the following license agreement carefully." A small Sophos logo is visible in the top right corner of the main content area. The main content area contains a text box with the title "SOPHOS END USER LICENSE AGREEMENT" and a paragraph of text. Below the text box, there are two radio buttons: "I accept the terms in the license agreement" (which is selected) and "I do not accept the terms in the license agreement". At the bottom of the window, there are three buttons: "< Back", "Next >", and "Cancel".

License Agreement
Please read the following license agreement carefully.

SOPHOS END USER LICENSE AGREEMENT

Please read carefully the following legally binding License Agreement between Sophos and Licensee (as defined below) for the Products defined below. By selecting the accept option, breaking the seal on the software package or installing, copying or otherwise using the Products, Licensee acknowledges that Licensee has read, understands, and agrees to be bound by the terms of this License Agreement. If Licensee does not agree with the terms of this License Agreement, do not install or otherwise use the Products and, if

Step 5: Accept default file location, click “Next”

Step 6: Enter the following details required to update Sophos Antivirus

Address: <http://sophos.sunmandearborn.k12.in.us/Sophos/CIDs/S000/SAVSCFXP/>

Username: Your normal Sunman-Dearborn Windows username

Password: Your normal Sunman-Dearborn Windows password

The screenshot shows the 'Update source' step of the Sophos Endpoint Security and Control installation wizard. The window title is 'Sophos Endpoint Security and Control installation wizard'. The main heading is 'Update source' with a sub-instruction: 'Enter the details required for automatic updating.' Below this, a paragraph explains: 'Enter the location from which the computer will get updates and then enter details of a user account that can access it. If you select 'I will enter these details later', Sophos Endpoint Security and Control will be installed, but will not be able to check for updates.' There are two checkboxes: 'I will enter these details later' (unchecked) and 'Access the update source via a proxy' (unchecked). The 'Address' field is a dropdown menu showing 'http://sophos.sunmandearborn.k12.in.us/Sophos/C'. The 'Username' field contains the text 'username'. The 'Password' field is masked with dots. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.
