Teacher Technology Expectations

Chromebooks	
K-12	<p>All core teachers will use Chromebooks with students as often as relevant, using their professional judgement. 60% of weekly instructional time is a good benchmark to consider.</p> <p>All non-core teachers will use Chromebooks with students at least twice per month.</p>

Google Classroom	
K-5	<p>K-1 teachers, special education teachers, and special area teachers will maintain a classroom page provided on the website, a Google Site, or a Google Classroom with a minimum of biweekly updates.</p> <p>2-5 teachers will maintain a Google Classroom page with a minimum of biweekly updates.</p>
6-12	<p>By the 1st week of school, all teachers will establish and maintain a Google Classroom with a minimum of weekly updates.</p> <p>All teachers will use Google Classroom exclusively as their Learning Management System (LMS).</p>

PowerTeacher Pro (Gradebook)	
K-12	<p>All teachers will use PowerTeacher Pro for their gradebook. At a minimum, all teachers will update the gradebook weekly.</p> <p>Student assignments will be graded and updated in PowerTeacher Pro within five (5) school days. Some projects will take longer.</p> <p>At a minimum, all formal assessments (i.e. chapter, unit, and quarterly) will be correlated and graded by standard.</p>
